Tax Level 1 - Federal individual tax returns -- (IA_OICS_818)

You'll learn the foundational knowledge and skills needed to prepare most individual tax returns. If you're new to tax preparation or need a refresher, this course is for you. You may take the exam without completing the course.

What you will learn in this program:

- Identify and understand all boxes on a W-2 form and a 1099.
- Correctly input data from taxpayer documents into the appropriate forms.
- Analyze a taxpayer's situation to determine the most common deductions and credits.
- Determine if taxes are owed or a refund is due.
