

What I type....

A screenshot of a software interface. On the left, there is a dark blue sidebar with the letters 's' and 'plies' visible. The main area is a light blue grid. The top row contains the text: "20% CIS tax deductible from labour of £7,776 = £1,555.20".

And what it changes to, once I've saved record!

A screenshot of the same software interface after saving. The text in the top row of the grid is now: "20% CIS tax deductible from labour of Â£7,776 = Â£1,555.20".

Weirdly, the invoice prints ok but if I PDF save reports it shows this symbol. And any does the name in narratives written on cheque postings

A screenshot of a software interface with a green patterned background. It features a form with two main sections. The top section is labeled "ADDRESS" and contains a large, empty rectangular input field. The bottom section is labeled "MEMO" and contains a smaller input field with the text "Test Â£150".
